Monday, July 2nd
9:00-10:00 - Welcoming and Opening Ceremony

- Eva Buchinger (RC51 President)
- Manuel Lisboa (Organizing Committee)

10:00-10:30 Coffee Break

10:30-12:30 - Session 1: Emotions, decisions and actions (I)
Chair: Bernard Scott

- Bernd R. Hornung - Man, Motivation, and Emotion at Work in Organizations - Behavior, Action, and Emotion in a Multi-System Environment
- Ana Ferreira & Manuel Lisboa - Trust in Action
- Fabio Giglietto - Social Actions, Uncertainty and Big Data

12:30-14:30 - Lunch

14:30-16:30 - Session 2: Emotions, decisions and actions (II)
Chair: Eva Buchinger

- Kamila Biały - Business Organizations and Biographical Career Shaping Processes in Poland - New Type of Professional Identities in Late Capitalism
- Czesław Mesjasz - Equilibrium, stability and turbulence: How physics has shaped and limited economic thinking
- Leandro Aramburu & José María Moreno-Jiménez - Public policy design through the e-cognocracy. A sociological analysis of the citizens’ motivation in public decision making

16:30-17:00 Coffee Break

17:00-18:30 - Inaugural address
Chair: Manuel Lisboa

- Thomas Scheff - Looking Glass Self, Depression, and Violence: A Cybernetic Theory (Video Conference)

Tuesday, July 3rd
09:00-10:20 - Session 3: Complexity, risk and violence (I)
Chair: Manuel Lisboa

- José Amozurrutia & Santiago Boira & Chaime Marcuello - Gender Violence in Spain: a qualitative systemic approach
- Nils O Larsson - Decision Settings Analysis applied to mental Health Care

10:20-11:00 Coffee Break
11:00-12:20 - Session 4: Complexity, risk and violence (II)
Chair: Karl-Heinz Simon
- Manuel Lisboa & Dalila Cerejo - Sociology of emotions in contexts of risk and uncertainty: an attempt of a sociocybernetic approach through the use of emotional expression indicators
- Helmut K. Loeckenhoff - Justice, Justness: Balancing Ambiguity: A Case of Social Complexity to be Governed

12:20-14:30 - Lunch

14:30-15:50 - Session 5: Complexity, culture and global World (I)
Chair: Pedro José Escriche Bueno
- Margarita Maass - Culture Field as a complex system
- John Raven - Advances in Mapping, Measuring, and Harnessing the complex network of social forces which lie behind the functioning of The “Educational” System ... and have the Future of Humankind and the Planet in their Grip

15:50-16:30 - Coffee Break

16:30-17:50 - Session 6: Complexity, culture and global World (II)
Chair: Patricia E. Almaguer Kalixto
- Ercan Şahbudak - A Sociological View on the Popular Culture of Globalizing World
- Felix Peniche - Prospects for CyberSemiotic-Integrative-Multilevel-Systems-Analysis for Political Culture Research

Wednesday, July 4th

09:00-11:00 – Session 7: Evaluation and Decision Making
Chair: Helmut K. Loeckenhoff
- Anda Lake - Communicative potential of policy subsystems and utility of evaluation research in policy making
- Pedro José Escriche Bueno - Analysing decision making in socio-environmental problems with a Sociocybernetic perspective: the case of the oasian communities of Tafilalet
- Ying XU - Major Factors facilitate the Environmental Protests in China: a case study of Liulitun anti-incineration Campaign in Beijing

11:00-11:30 Coffee Break

11:30-12:50 – Session 8: Social systems and action research
Chair: José A. Amozurrutia
- Karl-Heinz Simon - Transformations of or in social systems – what elements are changing and how?
- Patricia E. Almaguer Kalixto - Participatory-Action Research: Basis for an analytical model merging: Cibercultur® and Sociocybernetics

12:50-14:30 - Lunch

14:30-16:30 - Session 9: Systems and Complexity
Chair: Chaime Marcuello Servós
- Pedro Medina – Why are we still here?
- Ilknur Oner - Complexity of Recent Disaster and Migration Patterns: Examples of Thoku - Japan

16:30-17:00 - Coffee Break
17:00-19:00 - Session 10: *Book’s presentations*

**Review: Bernard Scott**
- Bernard Scott - *Gordon Pask: The Cybernetics of Self-Organisation, Learning and Evolution*
- Bernard Scott - *Explorations in Second Order Cybernetics: Reflections on Cybernetics*

**Review: Bernd Hornung**
- José A. Amozurrutia - *Complejidad y ciencias sociales, Un modelo adaptivo para la investigación Interdisciplinaria*

**Review: Chaime Marcuelo**
- Patricia Almaguer & José A. Amozurrutia & Laura González & Margarita Maas & Manuel Meza - *Sociocybernetics, Cibercultur@ and Society*

19:00-21:00 - Board Meeting

---

**Thursday, July 5th**

09:00-10:20 - Session 11: *Complex issues and its challenges*

**Chair: Margarita Maass**
- Maria do Céu Rueff - *Leges Artis and assisted Dying*
- Bernard Scott - *Mind in Chains: A Sociocybernetic Analysis of the Abrahamic Faiths*

10:20-11:00 Coffee Break

11:00-12:20 - Session 12: *Complexity and concepts*

**Chair: Fabio Giglietto**
- Eva Buchinger - *Complex social systems and the construction of reality: “Person” between self-reference and hetero-reference*
- Edmundo Balsemão Pires - *Double Contingency reexamined – Agents and Agency according to Luhmann’s Theory of Social Systems*

12:20-14:30 - Lunch

14:30-15:50 – Session 13: *Reflexivity and sociocybernetical approaches*

**Chair: Czeslaw Mesjasz**
- José A. Amozurrutia - *Sociocybernetic Approach to enhance Reflexivity in Research Projects Dynamics*
- Manuel Meza - *Transformations on a National Researchers System scientific culture: a Sociocyberntic approach*

15:50-16:30 Coffee Break

16:30-17:50 – Session 14: *New trends…*

**Chair: Bernd Hornung**
- Louis Klein - *Thoughts on an ecology of paradigms*

18:00-19:30 - Business meeting

20:30 - Conference dinner

---

**Friday, July 6th**

10:00-18:00 - Culture activities: Boat trip to the Deserted Islands and leisure time
